

## **Michigan State University Sourcing/Supply Management Position – Tenure System**

Michigan State University's Eli Broad College of Business, Department of Supply Chain Management, has an opening for a tenure system assistant professor in sourcing/supply management or related areas at the intersection of sourcing and operations for the 2020-2021 academic year. Duties include research, teaching, and service. Salary and terms are negotiable depending on experience and rank.

The position requires a Ph.D. or equivalent degree from an accredited university. We seek an individual conducting high quality research in contemporary sourcing/supply management topics or related areas at the intersection of sourcing and operations that appeal to leading journals as well as industry. Examples of topical areas include, but are not limited to, supply chain risk, supply networks, leveraging supplier capabilities, buyer-supplier relationships, green procurement, and electronic sourcing (including blockchain, artificial intelligence, and cognitive procurement). Candidates with expertise and interest in business analytics will be given priority.

The successful candidate will be expected to teach sourcing/supply management courses at the undergraduate and graduate levels. An ideal candidate will have prior experience in teaching sourcing/supply management courses.

Review of applications will begin October 31, 2019 and continue until the position is filled. To ensure full consideration, applications should be received by November 25, 2019. Applications must be submitted online at: <http://careers.msu.edu>. Refer to posting #614522. For additional information, please contact Dr. Tobias Schoenherr ([schoen48@msu.edu](mailto:schoen48@msu.edu)).

MSU is an affirmative-action, equal-opportunity employer committed to achieving excellence through cultural diversity. The university actively encourages applications/nominations of women, persons of color, veterans, and persons with disabilities.
