

POSITION IN SUSTAINABLE OPERATIONS AND LOGISTICS

HEC Montréal is Canada's first business school and is recognized as a world leader in business education. The school offers a wide variety of business programs at the undergraduate and at the graduate levels. It has over 12,000 students (one third of which are international students) and 260 professors. HEC Montréal professors maintain high standards of excellence both in teaching and in their research. The main language of instruction at HEC Montréal is French; however, there are also programs and courses offered in English and in Spanish.

HEC Montréal invites applications for a **tenure or tenure-track position** (open rank) in its **Department of Logistics and Operations Management** beginning June 1, 2021. You will find more information on the department and its faculty on [this website](#).

Requirements

Candidates must either have a Ph.D., or be near completion of a Ph.D., in operations management or a relevant discipline. The candidates must have a strong research and teaching focus in sustainable operations and logistics. Teaching excellence is required, as well as a strong aptitude for research and publications. All candidates are required to **teach in French after two years**, and will be expected to teach in the department's undergraduate and graduate programs.

While applications will be accepted until the position is filled, the application should be received by **October 15, 2020**, in order to receive full consideration. Please indicate clearly that you are applying for a position in the **Department of Logistics and Operations Management**. The application package must include:

- 1) a cover letter;
- 2) a curriculum vitae. Please specify:
 - your level of French;
 - name and contact details of three references;
- 3) teaching evaluations, if available.

The application package must be submitted using the following link: <https://emplois-corps-professoral.hec.ca/job.php?id=702>.

HEC Montréal recognizes the crucial and indispensable contribution of women, Indigenous peoples, members of visible or ethnic minorities, and persons with disabilities, and is committed to provide equal opportunities for all qualified applicants.

To promote equity and excellence, the selection committee will take into account any career interruptions experienced by applicants. Applicants are invited to share the circumstances of any career interruptions and explain how these have impacted their career path.

Applicants with disabilities who might need accommodations at any stage of the application process may communicate in a confidential manner with Lisanne Tremblay, Equity, Diversity and Inclusion

Advisor (lisanne.tremblay@hec.ca).

All qualified applicants are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadians and permanent residents will be given priority.

If you have any technical questions related to the application procedure, please contact the Human Resources department at HEC Montréal (rh.ap@hec.ca). For questions related to the position, please contact Professor Jorge E. Mendoza (jorge.mendoza@hec.ca).

We thank all applicants for their interest. However, only those selected for an interview will be contacted.
